The greatest Day

Today ~~is~~ a day of valor + glory
now it is time to tell my story
300 warriors standing 1 for all
ready to massacre the enemy whole

This is a test of a man's will
his stamina, determination, and grit
bravery and courage alike
this test of man
will ~~let~~ he turn and run
or stay and fight to the death

A coward he must be if he turns and runs
~~as~~ a man ~~not~~ of no use to his country
as he watches his fellow man fall ~~he feels fear~~
~~strike~~ ~~his heart~~ he feels fear ~~strike~~ his heart
This is why he turns and runs
because fear has taken over his mind

The screams of dying men in agonising pain
so icy and chilling
the toll of their dying souls gets inside your head
and plays with your mind
Why am I here? why all this killing? So many die
and these men wonder why I turn and run

were surrounded, outnumbered and outgained
but no surrender is needed
I did my duty for my fellow man ~~for this~~
for this is my greatest day
